**MEMORANDUM FOR: Mr. Richard Moorsteen**  
**Executive Office Building**

**SUBJECT : "South Vietnam: Estimated Manpower Balance,**  
**Age Group 15-45, 1967"**

1. Transmitted herewith is the memorandum on manpower balance on South Vietnam which you requested on Ambassador Leonhart's behalf.

2. Because of the data problems noted therein, this memorandum is an exploratory study whose conclusions only indicate a broad range of possibilities. We have not attempted to distribute the derived residuals by geographic areas because the low degree of accuracy inherent in existing data would make such a distribution virtually meaningless.

3. It appears that surveys may be currently underway in Saigon which could improve the data base with which we have had to work. As additional information becomes available we hope we will be in a position to improve on this initial effort.
